

PATENT
09/213,856

Please amend claim 10 to read:

10. The method of claim 8 further including the step of:
providing a plurality of speech terms used in
connection with specific actions of the system, and
wherein said step of providing said associated set of
speech terms includes:

storing a relevance table of universal speech input
commands and universal computer operations terms
conventionally associated with actions initiated by said
input commands, and

relating said plurality of speech terms used in
connection with specific actions of said system with
commands in said relevance table.

Please amend claim 15 to read:

15. The computer program of claim 13 further including:
a plurality of speech terms used in connection with
specific actions of the system, and
wherein said means for providing said associated set of
speech terms include:

a stored relevance table of universal speech input
commands and universal computer operation terms
conventionally associated with actions initiated by said
input commands, and

means for relating said plurality of speech terms used
in connection with specific actions of said system with
commands in said relevance table.
